

KAITERITERI RECREATION RESERVE

ACCOMMODATION TERMS & CONDITIONS GUEST INFORMATION

WELCOME TO THE KAITERITERI RECREATION RESERVE

The Kaiteriteri Recreation Reserve is over 83 years old and includes Kaiteriteri Beach, Kaka Point Historic Reserve, Kaiteriteri Estuary and the Kaiteriteri Mountain Bike Park. Our operating model is relatively unique in that we are a Crown entity with guardianship over recreation land but we are not and never have been government funded. The Reserve is entirely self-funding through our own accommodation, retail and hospitality businesses. 100% of the profits from these business groups are invested back into the maintenance and development of the Reserve, community partnerships, environmental & conservation projects and events. It is this social enterprise model that makes the Kaiteriteri Recreation Reserve such a special place.

Priority Rebooking Policy

Kaiteriteri Recreation Reserve's Camp operates a priority booking system for specific guests during the peak summer season that recognizes their patronage. This longstanding system has not changed but there are criteria around entitlement to this privilege to ensure that it is applied consistently and fairly:

- We honour all existing re-bookings that were in our system prior to the 2015/16 season, but no new rebook privileges are available.
- Re-bookings only apply for the **same name, same site or cabin and for the exact same dates** every year.
- **The named person must check in at the office with a valid Photo ID. If the named person is not present on check in, you will be permitted to stay however this will be considered a Gap year. If no Gap years remain, the rebook will be relinquished.**
- Re-bookings do not apply to our Reserve Apartments.
- Payment to secure the site must be made prior to your departure the previous summer. If payment is not made, the booking will be cancelled, and the site added to our vacant list.
- **During the months of December and January, there will be no discounted unoccupied rates or single occupancy rates.** You must arrive on the day of check in and stay a minimum of half of your rebook dates, otherwise it will be considered a Gap Year.
- Use of the site can be missed for one year, every 5 years, without jeopardising your re-booking but it will be forfeited when the site is not used for two years within a 5-year period.
- All additional guests must be booked in and charged appropriately. Failure to do this is an offence. There can only be a maximum of 6 occupants per night on each site including adults, children and infants
- Site priority may be cancelled where the conduct of any guest is unreasonable or there is abuse of the re-book system.
- Rebook bookings can only be used by the rebook holder, they are not transferrable to another family member or any other person. Should you need to cancel, the normal cancellation policy should be followed and the Camp Office staff will check your eligibility for a Gap year.

The Reserve recognises that the re-booking privilege is important to families who have been visiting for many years, and we certainly appreciate your patronage. Kaiteriteri is central to many family holidays and for guests who use this time to catch up with friends. Please understand however that there are a very large number of New Zealand families we turn away every peak season because we are unable to accommodate them due to this re-book policy.

3. PAYMENTS

- **Online Payment:** All online bookings made on our website are charged at the time of booking using a valid credit card (Visa & MasterCard) and the card number, expiration date and card security code (CCV) must be entered to complete this transaction. Online payments are made via our payment platform using a third-party provider, Windcave, who offers a secure payment system to protect customers credit card details with security settings that are compliant with all New Zealand regulatory and statutory regulations.
- **International Payments:** Prices are advertised in New Zealand dollars so the amounts charged to credit card payments may fluctuate due to exchange rate fluctuations as bookings are converted into New Zealand dollars at the exchange rate on the day it is processed. If any cancellations are refunded, then these are also processed in New Zealand dollars at the exchange rate on the day that the refund is processed so there may be a variance to the initial amount charged. The Kaiteriteri Reserve Apartments are not liable for any exchange rate variances and you may incur transaction fees.
- **Refunds:** Any refunds will only be made to the same credit card debited for the original transaction.
- **Data Security:** Kaiteriteri Recreation Reserve takes the appropriate measures, in accordance with all regulatory requirements, to protect Person Information (PI) against accidental or unlawful destruction, alteration or unauthorised disclosure or access. We have implemented technical measures such as firewalls, login password systems and physical protection to this end. Credit card details are entered into the Windcave system which has the highest level of Payment Card Industry Data Security Standard (PCI DSS) compliance.
